

## Ground Rules

Scrum before every meeting: Where you are, hurdles your facing, and what you're currently working on and how to get it done.

Get together weekends, and study times from 5 – 6 pm. (Dina making her home available.)

Ask.

Exchange phone numbers, and have a slack group.

No working after 10:30pm on project.

Be respectful.

Push, push push.

Regardless of what tasks we take, we still help each other.
